Nick is an associate and real estate lawyer with Foley & Lardner LLP. Nick represents clients in a variety of complex real estate matters, including purchase and sales, development, New Markets Tax Credit and traditional financings. He also counsels clients in connection with the real estate aspects of corporate mergers and acquisitions.

In addition to his traditional real estate practice, Nick has experience on real estate aspects of wind, solar and battery storage projects, including working on site control documents; addressing title, survey, and other development matters, and performing real estate diligence for tax equity investments.
