Christopher (Chris) Ullman works with private investment sponsors on all aspects of fund formation. A significant portion of his practice is advising clients on capital raising, marketing, preparing offering documents, and drafting organizational documents. He also counsels them on regulatory, compliance, and operational issues both during an active fund raise and during the operational stage, including with respect to sponsor-carried interest and management company arrangements.

Chris' sponsor clients include established and emerging private equity, venture capital, growth equity, credit, and fund-of-funds sponsors. Additionally, he advises institutional investors — such as endowments, governmental plans, family offices, fund-of-funds, and corporations — on their private capital investment activity. He also advises private fund sponsors, buyers, and sellers in secondary transactions. Chris is a member of the firm's Fund Formation & Investment Management Practice.
